Camacho Supports Equal Rights, CHP Measures

Julian Camacho, Democratic candidate for the 12th Congressional District nomination endorsed the Equal Rights Amendment, now facing the California legislature, in an address to the Monterey County Chapter of the National Association for the Advancement of Colored People.

"There isn't a more oppressed group in this country than women," Camacho stated. He then urged women to seek political office themselves.

Camacho also launched an attack on Republican Congressman Talcott's sense of fiscal priorities. "How can the man vote for a huge expenditure for a space shuttle, then come home and tell the people there may be no money for badly needed ecological programs? We must, first of all, solve the very real problems facing our people here and now befor we can enjoy frills like the expensive space shuttle program."

Discussing tax reform, Camacho stated that "the working man is caught in the middle as far as taxes are concerned. The poor can't pay taxes and the rich avoid doing so by utilizing existing tax loopholes which we must plug. So the tax burden falls on the middle class."

Camacho also stated his support for a state constitutional initiative to adjust the salaries of uniformed members of the Highway Patrol to at least the maximum rate paid policemen or deputy sheriffs with comparable jobs.

In his statement, Camacho said, "I wish to lend my complete support to the 'Initiative of the California Association of Highway Patrolmen' for the follwoing reasons:

" (1) The safety of all of us depends upon a well paid Highway Patrol. On the average, Highway Patrolmen receive $272 a month less than an officer doing similar work for the Los Angeles Police Department.

"(2) The raise would not come out of the taxpayers' pockets. In other words, these patrolmen are not paid out of the State General Fund. Instead, CHP officers are paid through motor vehicle registration and license fees. Their well deserved salary increase would amount to just over $17,500,000 -- the amount of money used to build around 18 miles of freeway.

"The salaries would come out of the "allocated re- which is received from vehicle registration and license fees. In 1970, the allocated reserve was $87,000,000.

"We don't need anymore freeways. We do need the best highway Patrolmen we can get.

"(3) An increasing number of CHP officers are resigning. Most of them are attracted by higher paying city police positions. It only makes sense to have the best patrolmen when it is clear that their greatest priority is the safeguarding to our lives."

Immunization A Success

With the immunization of nearly 20,000 children, Monterey County has taken a great step to "Rub Out All Rubella". Due to the work of innumerable volunteers, the Rubella clinics were a tribute to cooperation.

The results of the May 15-19 clinics were announced at the monthly board meeting of Volunteers in Action, the coordinating office of the immunization campaign. The State Health Department told Dr. Thomas Collins, County Health Officer, that Monterey County had one of the most successful campaigns in the state.

NAACP Honor Administrators

The National Association for the Advancement of Colored People has presented Freedom Award citations to two Monterey Peninsula Unified School District administrators.

Superintendent Allan J. Petersdorf and Dr. Henry Hutchins, assistant superintendent for elementary education, recieved the awards at the NAACP's recent western region conference in Richmond, California, attended by Roy Wilkins, the association's executive director.

RECEIVE GIFTS - At recent party for Operation Shoestring, La Mesa School presented puzzles, games and two aquariums to youngsters. Adults attending party included (rear from left) an unidentified woman, Mrs. Carpenter, Rev. Lusk, Mrs. Greenwell, Mrs. Phyllis McNeal and Mrs. Slade.

Camp Amigos Deadline Approaching

Applications should be turned in at once for Camp Amigos, the summer day camp in Carmel Valley that is open to children from throughout the Monterey Peninsula.

Seaside residents are still eligible for any one of the four one-week sessions. The camp will open its fifth season on July 10 with two one-week sessions of day camping from 9:30 to 3:30. Free bus transportation will be available for children from Monterey and Seaside. Children ages 7 to 10 are eligible for the day camping sessions.

Starting July 31, two one-week sessions of over night camping will be held in Big Sur for children ages 9 thru 12.

The camp fees are deliberately low - $1 per week for the day camp; $2 for the week at Big Sur - to allow children of all economic backgrounds to participate.

Applications are available at many public schools. Seaside residents may obtain applications directly from Barbara Quarels, 1473 Soto, Seaside, 394-8979.

Among groups on the Monterey Peninsula giving support to Camp Amigos are: The Bing Crosby Foundation, Monterey Peninsula Volunteer Services, Monterey Rotary Club and Kiwanis clubs of Monterey Carmel and Carmel Valley. Several local churches also contribute financial and volunteer help.

Any questions about Camp Amigos can be directed to Mrs. Ken White 624-4538.

Seasider Gets West Point Appointment

Lon T. Horiuchi, son of Lieutenant Colonel Tomoji Horiuchi, Deputy Director of Security at Ft. Ord, has received an appointment to the class of 1976 at the United States Military Academy, West Point, New York.

Mr. Horiuchi, 19, a senior at Seaside High School, received this appointment by maintaining a high record of accomplishment on mental and physical tests which he was required to take. He was nominated by Congressman Burt L. Talcott (Republican 12th district, California), and he also received a Presidential omination.

Upon appointment to West point Mr. Horiuchi receives an equivalent of a full undergraduate scholarship, room and board, medical and dental care and one-half the pay of a second lieutenant in the United States Army. At the conclusion of his four years at West Point Mr. Horiuchi will receive a Bachelor of Science degree and a commission as a second lieutenant in the United States Army. He will also have a five-year obligation to the Army.

Under experienced educators and military leaders the cadet undergoes an unusually strong and broad academic curriculum, one of the world's finest character and leadership development programs, and an outstandingly balanced physical education and sports program which develop high physical fitness and athletic competence.

July 3, 1972, Lon Horiuchi will join the "Long Gary Line" which extends over more than a century and one half of our nation's existence and includes such distinguished names as Grant, Lee MacArthur, Eisenhower, Westmoreland, and astronauts Frank Borman, Ed Aldrin (first West Pointer on the moon) and David R. Scott.

Attendance Cards Must Be Returned

Over 12,000 veterans in Northern California attending institutions of higher learning under the G.I. Bill have not returned the certificate of attendance cards that were sent out in early May.

J. Edward Mullen, Director, Veterans Administration Regional Office, has requested that these forms be mailed in immediately. Failure to do so will delay payments.

Camacho on Radio KIDD

At 8 p.m. on the night of June 1 radio station KIDD will host Julian Camacho on a talk show.

Prayers For Peace Asked

A call for citizens to "bring to bear the immense power or good native to prayer" on troubling conditions in Southeast Asia has been made in all Churches of Christ, Scientist, throughout California.

The Christian Science Board of Directors issued the statement in behalf of The First Church of Christ, Scientist, in Boston, Massachusetts, and it has been read at services in the 3,200 member churches of the denomination throughout the world.

"No one can outline for another how to pray, nor do we in our prayers attempt to outline specific solutions for human conditions," the message stated. "But letg this not prevent us from joining in the deepest confidence that prayer does avail.

"It is our conviction that prayer is deeply needed and of vital importance at this time. We believe that all of us must now be counted upon to do our full share in bringing to bear the immense power for good that is native to prayer...."

A front page editorial in The Christian Science Monitor, the denomination's international daily newspaper, also has urged prayer be used in approaching the Vietnam problem.

"The seed of peace can take root only in the prayerful thought of men," the editorial stated.

"It is in a willingness to see that peace is above and yet available to the participants, supported in a divine plan and implusion for harmony among men, that efforts toward peace can begin," the Monitor added.

"Peace has always been elusive. But by men's raising their vision above the evidence of battle to the spiritual norm of harmony and peace will be found."

The editorial also asked citizens not to dwell on negative feelings of disgust, futility and fear.

"To do so is to fix thought on the issues that divide, and to deflect attention from the goal of harmonious world relations. It is also to fail to see that what is good in American history -- the high regard for freedom and self-governance which it shares with various other lands -- survives as the thread guiding its role in the progress of nations."

The newspaper emphasized that "it must be recognized that peace is ultimately spiritual and must be unfolded through divine power in individual thought. It cannot be planted by force, only in righteousness."

HOPEFUL CANDIDATE - Senator Hubert H. Humphrey of Minnesota is major contender for Democratic Presidential Nomination on June 6 California Primany Election ballot. Victory for Humphrey in primary would be major step in assuring him of his party's nomination for November election. See page 12

A hermit crab, to my estimation, is just about the laziest of all creatures living in the sea. To be extra lazy you have to be extra patient. Most of the time it is far easier to do something yourself than wait for someone else to do it. The hermit crab never builds or grows a shell on his own. He will walk all over the sea floor until fe finds an abandoned shell another creature has vacated, then he claims it as his own. By the time he finds a shell that is snug enough for him he is so tired that he just crawls in and goes to sleep.

There are people above the sea who reminds one of the hermit crab. They will patiently

Write-In Campaign

Congressman Burt L. Talcott announced on his arrival from Washington recently a 10 day campaign by Democrate to writ in his name on the June 6 ballots.

It will be fifth straight primary election since 1964 that Talcott has conducted the write in campaign among 12th district Democrats. In 1968 the write in won him both Democratic and Republican nominations.

Talcott, (R) Salinas, is bidding for election for a sixth term in Congress. He is unopposed for the Republican nomination.

Co-chairmen of Democratic write ins for Talcott are Jim Bardin, of Salinas, and Hal Hallett, of Monterey. Both said instructions already have been mailed out to district Democrats.

Bardin said writing in Talcott's name is simple in Monterey county where the Votomatic Vote Recorder is in use.

"All that is necessary is for the voter to make sure that he writes in both the title of office, Congressman, and the name, Talcott, on the two lines provided on the write in ballot envelope,;' he said.

San Jose Mayor For McGovern

San Jose Mayor Norm Mineta has endorsed Senator George McGovern for President at a rally in Union Square here. The text of Mayor Mineta's remarks follows:

"I am very proud to have become part of Senator George McGovern's Campaign for the Presidency. Senator McGovern is engaged in a noble effort aimed at making this country a better place in which to live. I have chosen to join that effort because I want to do whatever I can to help Senator McGovern achieve victory in California on June 6. If we can win here, there is no doubt in my mind that George McGovern will go on to become the Democratic nominee and the next President of the United States.

"Earlier this year I was involved in John Lindsay's campaign for the Democratic nomination. As Mayor of a major city and as a member of the United States Conference of Mayor's Legislative Action Committee, I felt an affinity to Mayor Lindsay and his candidacy. The Lindsay campaign is over, but the critical problems which prompted my involvement on his behalf remain with us.

"The committment I am making to George McGovern is based on my strong conviction that only through his kind of leadership can we begin to solve the critical problems facing our nation.

"I am deeply concerned about the plight of American cities, and I know that Senator McGovern will put an end to the financial and political strangulation of urban America. I believe that it is time for the United States to put more dollars into programs which help people live, rather than into weapons which make people die; Senator McGovern's position on the reordering of our national priorities is most appealing to me. Total disengagement from the Indochina War is long overdue, and Senator McGovern was one of the first to recognize the folly of our participation in that war.

"As the Mayor of San Jose, where the payroll of the aerospace industry is critical, I am mindful that the issue of reducing our wartime expenditures is a sensitive one. However, I am confident that we can re-order our national expenditure priorities to create long term peacetime jobs. I am confident that under George McGovern's leadership we can turn the efforts of our war machines to the task of producing products which will enhance life and create a better future.

George McGovern knows that we must begin the process of rebuilding America; as Mayor of a city with over 500,000 residents, I know that the process must begin immediately.

wait for someone else to do something and then lay claim on it. Some politicians are famous fro acts of that sort. They will wait for someone else to introduce a bill to the Senate or to the House, or to the Governor, then with only a minor change, introduce the same bill reworded. And take full credit.

Let's be more specific: O.K. boss, I'm coolin' it. A year or so ago the "High Sheriff" of Monterey County mentioned (slightly) that our County Jail was not a fit plact for humans to be housed, or incarserated. No one could hear him plainly enough except to say there were no dunds available (or to put it more curtly, "We arrest them - you hold them.)" A few months later the same "High Sheriff" put in a recommendation for a new County Jail and it was denied flatly. A politician with foresight suggested the jail facilities should be examined, but made no effort to publicize that suggestion because the public may get to know how inhumane people who have run afoul of the law are treated. Also he suggested it softly because there may be a whiplash that could blow his "cool." But word leaked out anyway, from people who had been unfortunate to have spent a few hours, or days, or weeks in that place.

The "High Sheriff" could see that nothing was going to be done about the hell-hole where he had to spend hours each day, so he gets on the phone (I gress) and contacted a few ethnic organizations and arranged tours of the jail facilities. Even calling in the newspapers and reporters and photographers. After the first few groups examined those facilities and made their reports, it was noticed that the general public was in favor of new jails and better housing for the unfortunately accused, so the politicians jumped on the bandwagon and made it known publicly that they were, or would introduce a bill, or try to get appropriations to erect a new jail. The "hermit crab" of the politicians surfaced. Everyone is clamoring for a new jail now, because it is the "in" thing. Unlike the hermit crab of the sea; who waits for a shell to be vacated before he occupies it, these "hermits" are shoving the original crab out of his shell and claiming it as their own.

There is absolutely no doubt about the urgently needed facilities, but while we are voting for it, let's remember who gets all of the original credit.

Voting.....well, no use writing 4 or 5 paragraphs on the reasons or advantages, you have heard it often enough, just get out there and do your thing. Vote for you man or woman as if yours is the deciding vote. It just may be.

I was going to tell you about the Fund Raising Dinner I attended last Saturday evening. Not a candidate's fund raising affair, even though they were there in their shining glory, this was an affair to raise money to build added facilities for a Church. The Hayes C.M.E. Church, to be exact. Their need is justified and we all hope they raised enough money. It does seem that people should support the worthwhile affairs. If this had been a $100.00 a plate Candidate's dinner the Holiday Inn would have been picked. People would have gone there in all their shining armor just to let the rest of the people believe they could afford it. But this was a church affair, and this was given by people who are supposed to be closely knit. If Joe Doakes and Henry Brown have been attending the same church for years they know each other's financial status anyway, so they don't have to attend to "show off." They just stay at home.

I just received a mental flash from my boss. And he is warning me to keep my cool. O.K. Boss, I can dig it.

Speaking of my boss, he says hi to all, and he thanks our "Election Time" advertisers and hope they continue throughout the year.

Mayor Reports

Joe Dolan

This report was written by Former Carmel Mayor Laiolo and it is worth repeating to our Seaside residents.

I AM SICK--

There are those that claim ours is a "sick society"--that our country is sick--that we are sick. Well, maybe they're right. I admit that I'm sick--and maybe you are too.

I AM SICK of having policemen ridiculed and called "pigs" while cop killer are hailed as some kind of folk hero.

I AM SICK of being told that religion is the opiate of the people, but marijuana should be legalized.

I AM SICK of commentators and columnists canonizing anarchists, revolutionaries and criminal rapists, but condemning law enforcement when such criminals are brought to justice.

I AM SICK of being told that pornography is the right of a free press, but freedom of the press does not include being able to read the Bible on school grounds.

I AM SICK of paying more and more taxes to build schools while I see some faculty members encouraging students either to tear them down or burn them.

I AM SICK of Supere Court decisions which turn criminals loose on our society--while other decisions try to take away my means of protecting my home and family.

I AM SICK of pot-smoking entertainers deluging me with their condemnations of my moral standards on late night TV shows.

I AM SICK of being told that policemen are mad dogs who should not have guns--but that criminals who use guns to rob, maim and murder should be understood and helped back to society.

I AM SICK of not being able to take my boys to a movie unless I want to have them exposed to nudity, homosexuality, and the glorification of narcotics.

I AM SICK of riots--marches--protests--demonstration -- confrontations and all the other mob temper tantrums of people incapable of working within the system.

I AM SICK of those who say I owe them this or that because of the sins of my forefathers--when I have looked down both ends of a gun barrel to defend their rights, their liberties, and their families.

I AM SICK of permissiveness.

I AM SICK of the dirty--and foul-mouthed--and the unwashed.

I AM SICK of the decline of personal honesty--personal integrity--and human sincerity.

Most of all, though, I am sick of being told I'm sick. I am sick of being told my country is sick--when we have the greatest nation that man has brought fourth on the face of the earth. Fully 50 percent of the people on earth would willingly trade places with the most deprived, the most underprivileged among us.

Yes, I may be sick but if I am only sick I can get well. I can also help my society get well and help my country get well.

Take note--all of you--you will not find me throwing a rock or a bomb; you will not find me under a placard--you will not see me take to the streets--you will not find me ranting to wild-eyed mobs.

But you will find me at work, paying taxes, serving my community without pay, where I live. You will also find me expressing my thoughts and ideas to Congressmen and Legislators.

You will find me speaking out in support of these officials, institutions and personalities who contribute to the elevation of our society, and not its destruction. You will find me contributing my time, money and personal influence in ehlping establishments which have shown leadership in helping others.

But most of all you'll find me at the polling places. There, if you listen, you can hear the thunder of the common man. There, all of us can cast our vote--for an American where people can walk the streets without fear.

N.B. See you in church, too.

Your Supervisor Reports

Loren E. Smith

This week is the primary election. Instead of covering items of general interest to my constituents of the 4th District, I would like to use this space to urge all voters to study the issues...to know your candidates (nNational-State-Local), and above all be sure to go to the polls and cast your ballot. The privilege of voting is precious and we should all protect this right by exercising it.

Chamber of Commerce Progress Report

By Verlaine Crawford
Manager

What's happening at the Chamber? Suddenly, everyone is very enthusiastic about Seaside! The Thursday morning Board of Directors meetings are so interesting that few of the normally 20 people attending want to leave and miss out on the discussion. It is indeed encouraging to see so many men and women interested in the progress of the City of Seaside.

Dates to mark on your calendar! Tuesday, June 6 at 11 a.m. come to Ingersol Hall at the Navy Post Graduate School to take a look at a special preview of the "Seaside Story"! Cmdr. Joe Nicholas and Cmdr. Steve Wilkins, who are working together for a class project at the Navy School, have put together a great slide presentation on Seaside--past, present and future!

Everyone is welcome to attend, to offer suggestions and to ask questions. The students will be donating the slide presentation to the Chamber for use as a tool to help convince new business to locate in Seaside. A no-host lunch will follow at the Navy School.

The second date to mark on your calendar is Wednesday, June 7 from 5:30 to 7:30 p.m. You are invited to enjoy the company of friends at a Wine-Tasting Party, sponsored by the Chamber, to be held at the Rol-Seal Corp., 2400 Fremont (the old Sir Discount Bldg.).

Any business wishing to put up a poster or a display as part of the decorations at the Wine-Tasting Party, please notify the Chamber. We will be happy to help you make the display.

The purpose of the Party is to get-acquainted, so invite your friends! To pay for the trimmings, we're asking $1 per person.

It's been mentioned before, but please remember that time is running out to get space on the new Seaside-Peninsula Map. On one side will be the entire Peninsula with a street index. On the other will be a map of Seaside with advertisements bordering it and lines drawn to the business location on the map. Call the Chamber to put in your order for a $65 ad for 20,000 maps. This cost is to pay for the printing.

If ever you had any doubts about voting for the bond issue for a new County Jail, I suggest you go on a tour of our horrible facility in Salinas. On Tuesday, May 23, a group of businessmen from the Chamber and I went on a tour and were appalled at the conditions we saw.

The Jail reminded me of stories I had read of dungeons and prisons where people slowly went insane. Paint was peeling off the walls. Prisoners were crowded together in tiny cells. The hardened criminals and young people were all thrown into the same cell.

The fantastic thing about this jail is that the people in it have not been sentenced. In other words, they are waiting to go to trial...in fact, some may be innocent. Yet, they must wait in the midst of a nightmare, without even the opportunity to exercise in the fresh air. (The exercise yard cannot be closely guarded, so no one gets out of his cell).

If seeing is believing, I suggest you contact Olin Davis, Community Relations Specialist, at 424-0785 and take a look at your jail.

STOP

At stop signs, points out the National Automobile Club, it's better to come to a dead stop than to come to a stop dead.

Lecture on Radiation At MPC

Roland Finston, a health physicist from Stanford University's radiation department, will discuss the dangers of radioactive contamination from nuclear power plants in a free lecture scheduled for 3 p.m. this Saturday, June 3, at Monterey Peninsula College.

Dr. Finston, who has studied the effects of ionizing radiation (nuclear and x-ray) on humans, believes that there are many unanswered questions concerning safety systems for nuclear power plants. Unless adequate precautions are taken, he says, mechanical failure or a natural catastrophe such as an earthquake could cause a serious accident at a nuclear power plant that might contaminate the surrounding area for hundreds of miles. According to Dr. Finston, there is concern among scientists both within and without the Atomic Energy Commission regarding safety systems.

The talk, which is jointly sponsored by the Monterey Committee for Environmental Information and MPC Community Services, will be given in Social Sciences 102. A question-and-answer period will follow the lecture.

JANE VAN HOOK

FOR JUDGE, MONTEREY COUNTY SUPERIOR COURT #1

- VERY ACTIVE ATTORNEY Monterey County since 1967 giving legal assistance to thousands of Monterey County residents.
- ADDITIONAL LEGAL EXPERIENCE as criminal trial lawyer defending hundreds of persons in court and jury trials in Alameda County, 1957-1967.
- JURIS DOCTOR DEGREE from University California Hastings College of Law 1956.
- BACHELOR OF SCIENCE DEGREE Huston Tillotson College.
- PROFESSIONAL AFFILIATIONS: California Bar Association, Monterey County Bar Association, National Legal Aid and Public Defender Association, California Trial Lawyers Association, elected 1963 as fellow to International Academy of Law and Science.
- COMMUNITY SERVICE: Chairman Monterey County Affirmative Action Committee, League of Women Voters, National Council of Negro Women, Past Board Member Family Service, Cotillion League, Altrusa.

JANE VAN HOOK's work has brought her in close contact with all classes of people. She is concerned about the number of persons who return regularly to our courts as repeat offenders. She feels that this number would be greatly reduced if probationers were placed on a Court Reviewed Program designed to bring about rehabilitation and reformation.

As a Superior Court Judge JANE VAN HOOK would take a more active role in reducing the number of crimes committed by repeat offenders. She would review regularly, with probation officers, the conduct and activities of persons on probation and create an effective program designed toward rehabilitating probationers.

JANE VAN HOOK knows about the need for Juvenile Justice, she has the courage to administer justice fairly without fear or favoritism. She will bring new insight and direction to Monterey County Superior Court #1.

Carmel Valley, Calif., Outlook November 4, 1971

SUPERVISOR LOREN SMITH stands in front of his vacation home in Camp Steffani which, thanks to recent redistricting, is now included in Smith's fourth supervisorial district. Smith owns three acres in Camp Steffani, which he has been visiting regularly for over 30 years.

Loren Smith no longer wants to be known as simply "the supervisor from Seaside."

Now that the county's new redistricting map is official Smith's fourth district has been expanded to include the eastern half of Monterey and the upper Carmel Valley from Camp Steffani to a point past Jamesburg. For the first time, he will be directly involved in Carmel Valley as the "upper Valley supervisor."

From his point of view, the new district simply makes official a personal interest in the Valley that goes back more than 40 years.

"I have lots of friends in the Valley, lots of friends," Smith commented last week as he raked leaves in front of his vacation home in Camp Steffani.

"I know the Valley. I first saw it when Robles del Rio was just starting. And for the last 32 years we've had a summer place at Camp Steffani. I think I know the people here."

DO WE WANT THIS KIND OF SUPERVISOR?

or one who will look after Seaside's interest. .

Haddad Speech to Realtors

Seaside Mayor Lou Haddad yesterday in a "lion's den" speech declared his opposition to repeal of the Rumford Fair Housing Act.

Addressing a "Realtors Week" luncheon of the Monterey Peninsula Board of Realtors, Haddad said:

"I am fully aware that most realtors throughout the state favor such action (repeal) and yet I tell you this would be a dreadful mistake.

"It would be a mistake not so much because the law itself would have any serious impact on our way of life but because its repeal would be an insulting slap in the face to millions of California Negroes who are searching desperately for any concrete signs that the white community is holding out a friendly hand to them."

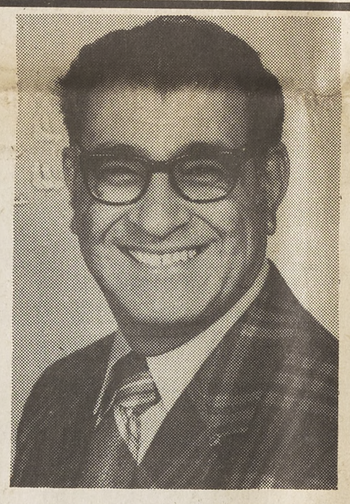
The mayor said he was making his comments in full knowledge of the vote on Prop. 14 in 1964.

"But overwhelming votes do not always make for right of justice. There is no better proof of that than the 98.8 affirmative vote which the people of Germany gave to Adolf Hitler in 1938."

The anwer to the problem, he declared, lies not only "in opening the door to better opportunities. It also means, ladies and gentlemen, opening the doors to better and more widespread housing opportunities.

No Response

None of the realtors present made any public response to Haddad's strongly worded talk which preceded Pattee's featured address.



LOU HADDAD

Unpopular stands which Lou Haddad has taken over the years has probably characterized him more than all of his phenomenal achievements as a public servant for Seaside.

It is refreshing to hear a person express his honest and candid views on a controversial subject.

Although we may not have agreed with him all of the time, we do all agree that whatever stand Lou takes, it is with sincerety and candor. And we are certain that he realizes he may be expressing an unpopular viewpoint.

Being Mayor of Seaside is no easy task. Trying to be all things to everybody is impossible. We realize this, and it is because of this that we are encouraging the voters to elect him our next County Supervisor.

He has fulfilled all of the programs which he set out to accomplish.

He has assured us funds for a new library and recreation center.

And he feels disappointed that he was unable to urge the Board of Supervisors to locate a County Hospital Annex on the Monterey Penensula, in order that our people will have the advantage of a facility for which we are paying high taxes to support in Salinas.

Let's help him get it!

ELECT LOU HADDAD SUPERVISOR!

COMMITTEE TO ELECT LOU HADDAD

SAFEWAY DISCOUNT *Still The* BEST!

BEST MEATS

USDA CHOICE

At Safeway Discount You Will Find USDA Choice Grade BEEF. This grade is awarded by Department of Agriculture experts only to meat that would deliver tender, juicy, flavorful cuts. You'll find the top grades, too, in veal and pork at your Safeway Discount.

BEST MEAT TRIM

When comparing the prices of meat, it will pay you to compare the quality and trim as well. At Safeway Discount the prices are for the trimmed cuts of meat. Excess fat and bone are cut off before the meat is weighed, thus you get full value for your money.

BEST PRODUCE

Safeway Produce Buyers are stationed all over the country, in every important producing area. They watch the market. They buy the best and rush it here to us. You get the best produce at lowest market prices every day at Safeway Discount.

BEST VALUE

When you see an item marked "Super Saver" it means a special temporary savings, even below our everyday discount price. It pays to stock up on these products while these extra savings are in effect. Just another way you save every day at Safeway Discount.

BEST VARIETY

You will find all of your favorite National brands at Safeway plus a large variety of Safeway's own brands which are offered as additions to our wide selection. Safeway brands cost us less so we sell them for less. Just another way you save at Safeway Discount.

Oly Sprints Are On Way

Racing at Laguna Seca will mean all things to all people on June 23-25 when the Oly Sprints come to town.

Over 400 of the Sports Car Club of America's top drivers will be racing in the best that Datsun, Corvette, Porsche, Lola, Ford, Spitfire, Alfa Romeo, McLaren, Javelin, Austin Healey and others have to offer.

The'll all be after that elusive prize--the SCCA Road Racing National Championship crown.

At Laguna Seca, you'll see racing every day plus qualifying and practice rounds. There will be 21 classes of club racing cars competing in four broad categories--Formula, Sedan, Production and Sports Racing.

To add further excitement, racing on two wheels, always a crowd pleaser, will be scheduled at noon on Sunday with the Grand Prix Motorcycle Race.

Discount tickets are now on sale at outlets throughout Northern and Central California.

For further information, write SCRAMP, Box 2078, Monterey, CA 93940 or call (408) 373-1811.

Race watching at beautiful Laguna Seca is an experience in itself so come early, bring your camera, your suntan lotion and join our race fans under the trees.

ELECT H.H. HUMPHREY

No other candidate for President can bring to the electorate such a qualified, unequaled record of dedicated public service of doing things for people ..... Mayor of Minneapolis 1945-48; United States Senator 1948-64; Senate Majority Whip 1961-64; Vice President United States 1964-69; Democratic Nominee for President 1968 and United States Senator 1970-Present.... "Hubert Horatio Humphrey ... in his latter years in the Senate was, without much doubt, the most effectively imaginative legislator on the hill. It is the name HUMPHREY that is signed, Hancock size, across Medicare, the Peace Corps, the Atomic Test Ban Treaty ..."

In re the marriage of
Petitioner: JOHNNY F. ROBERTSON
and
Respondent: MARILYN A. ROBERTSON

CASE NUMBER DR 3228
SUMMONS (MARRIAGE)

To the Respondent:

The petitioner has filed a petition concerning your marriage. You may file a written response within thirty days of the date that this summons is served on you. If you fail to file a written response within such time, your default may be entered and the court may enter a judgment containing injunctive or other orders concerning division of property, spousal support, child custody, child support, attorneys' fees, costs, and such other relief as may be granted by the court.

If you wish to seek the advice of an attorney in this matter, you should do so promptly so that your written response, if any, may be filed on time.

The Sacred Mosquitoes of California

Who wants to bring back typhoid? Or malaria? Or encephalitis? Only people who love mosquitoes.

The sponsors of Proposition No. 9 on the June 6 ballot must love mosquitoes—also termites, cockroaches and silverfish. Because Proposition No. 9 makes illegal the use or possession of a long list of chemicals, including the only effective pesticides for controlling various pests.

They must hate bees, though. Because the substitute pesticides that could still be used, though far less effective for many purposes, are death on bees. They're also dangerous to humans and pets.

If Proposition No. 9 passed, you could be arrested for having on your premises a can of insect spray you'd purchased some time ago if it happened to contain one of a long list of suddenly illegal ingredients.

A university scientist could be arrested for experimenting with any of these banned chemicals in a laboratory research project.

What kind of sense does all this make?

Like most things about Proposition No. 9, it doesn't make any sense at all.

It doesn't make sense to risk the resurgence of epidemic diseases that have been kept in control for so many years that most of us have virtually forgotten they ever existed.

It doesn't make sense to risk the destruction of forests and agricultural crops.

It doesn't make sense to prohibit scientists from experimenting to develop new knowledge in the field of pest control.

It doesn't make sense to forbid the use of the **only** known effective means of protecting your house from termite infestation.

Proposition No. 9 is senseless—and very dangerous.

There's good in most religions, and harm in some. The protected, "sacred cows" of India have contributed to that country's abject poverty for centuries. It would be the height of folly to yield to the fanatics who, in their zeal for a new "religion," would inflict on all of us the "sacred mosquitoes" of California!

Vote NO on Proposition No. 9

There are too many bugs in it!
